## Adventure, Exploration, and Celebration!

Explore,  
Grow and Celebrate  
with the music of  
some of the world's  
most vibrant musical  
cultures! API's Wind  
Band works bring multi-cultural music  
to your ensemble.

As global communications, modern transportation systems and the global market bring us into ever closer contact with each other, it is clear that we as a human race must work ever more diligently towards multi-cultural understanding. As citizens of a global society, professional musicians have always been amongst the first to embrace and celebrate the cultural differences that we have encountered in our nomadic professional wanderings. Why not help our students to understand and celebrate these differences through music?

- Authentic rhythms and flavors from each culture
- Pieces available for all grade levels
- Use one piece or program an entire concert
- Meet several of the criteria for the National Standards for Music Education
